Workshop on Programming with Green Foot

24.03.2017

Organized by

**Department Of Computer Science and
Engineering**

Gojan School Of Business and Technology

Edapalayam, Red Hills, Chennai 600052
TamilNadu.

ABOUT GOJAN

GOJAN SCHOOL OF BUSINESS AND TECHNOLOGY has been functioning from the academic year 2005-2006. Offering courses in

- B.E. Aeronautical Engineering
- B.E. Civil Engineering
- B.E. Computer Science and Engineering
- B.E. Electronics and Comm. Engineering
- B.E. Electrical and Electronics Engineering
- B.E. Mechanical Engineering
- B.Tech. Information Technology
- M.E. Applied Electronics
- M.E.CAD/CAM
- M.E. Computer Science and Engineering
- M.E. Engineering Design
- M.E. Power Electronics and Drives
- M.E. VLSI Design
- M.B.A.

ABOUT THE DEPARTMENT

Gojan School of Business and Technology has been approved by A.I.C.T.E, New Delhi, and Affiliated to Anna University, Chennai. Gojan is also Accredited by NAAC. It has been our endeavor to enrich the students with the knowledge in various fields. We have excelled in our service by creating a number of rank holders including First Rank in Anna University. Our Alumni have been excelling in their respective fields and are occupying enviable positions at various reputed organizations in India and

We have a team of highly qualified and dedicated teaching faculties well supported by a large group of support staff with more than adequate computing facilities and internet connection.

ABOUT THE WORKSHOP

Green foot is a visual and interactive computer program that uses Java to build games, simulations and other graphical programs. Java uses object orientation, a programming paradigm that represents concepts as objects. The objects have data fields that describe the object as well as associated procedures referred as methods. An object oriented program can be thought as a collection of interacting objects whereas a conventional programming model is seen as a list of tasks that are performed programmatically.

The interface is a full IDE which includes project management, auto-completion, syntax highlighting, and other tools common to most IDEs. It also allows you to publish your work both on and offline.

TOPICS TO BE COVERED

- ✓ Basics of Java programming and fundamentals
- ✓ Get started with Greenfoot
- ✓ Explore the code editor
- ✓ Explore methods
- ✓ Add randomization and control behavior
- ✓ Automate game creation
- ✓ Create score keeping functionality and end the game

REGISTRATION

Registration form is to be sent in the prescribed format along with a D.D in favor of

“GOJAN SCHOOL OF BUSINESS AND TECHNOLOGY” payable at Chennai.

Registration Fee : Rs. 500

Last date for registration : 15.03.2017

Completed registration form may be sent through E-mail to registration@gojaneducation.com

Registration form can be downloaded from www.gojaneducation.com
